LOISE GAKII

IT & Full Stack Developer

PROFILE

I am a dynamic and results-oriented professional with a background in Business and Information Technology, combining strong technical expertise with strategic business acumen. Skilled in website management, digital marketing, and business systems, I bring a structured yet innovative approach to problem-solving. I have a proven ability to analyze and manage complex challenges, with strengths in troubleshooting, process optimization, and delivering solutions in demanding environments. Highly motivated and adaptable, I thrive in roles that require both creativity and precision, consistently aligning digital strategies with organizational goals.
